

# CAMP EDI 2013

Camp Edi is an exciting new international English and science summer camp. North of the arctic circle, Camp Edi is located on the island of Kjeøy in beautiful Northern Norway.

Kjeøy is also the home of Kjeøy Research and Education Center (KREC), where the main focus is mineral resources and the environment.

Surrounded by the beauty of the land of the midnight sun, Campers will have the opportunity to learn and practice English while being immersed in a scientific environment.

Campers will participate in both English and science programs that will be fun and full of discovery.

In addition, campers will have the opportunity to participate in traditional camp activities, such as swimming, fishing, hiking, and outdoor cook outs.

Come and join us for this unique learning experience. Check out our web site [www.kjeoy.no](http://www.kjeoy.no) for more information about the Camp Edi and Kjeøy. Space is limited, so sign up soon.

**Session: June 29 - July 12**

**Cost: Euro 1700**
